Working Experience

BlueDuck IT Services & Solutions   Dec '23 - Jan '24
Worked as a frontend developer at BlueDuck IT Services & Solutions, focusing on building a responsive website using Next.js with performance optimization and user-friendly interfaces.

SofaScore - Student Job   Oct '24 - Present
I am working as a student at SofaScore, where I am responsible for tracking live matches and managing data related to sporting events. This position allows me to develop skills in speed, precision and data control, as well as the ability to make quick decisions. I gain experience working with dynamic data and maintaining accuracy in a fast-paced environment.

Projects

Handball Club Velez - Website
Building a website for Mostar's handball team was an honor. It highlights the team's rich history, key achievements, and stories, while providing fans with match updates, player profiles, and events, celebrating the passion and community of Mostar handball.
